## Full job description

### Your new company

Your new company is an Australian company that manufactures custom bull bars for blue chip clients with all products designed and manufactured within Australia. Established in the early 2000s, you will be working for a company extensively growing, with excellent retention onsite – a clear indicator of culture!

### Your new role

Your new role will see you working as a CNC Machine Operator reporting to the Production Manager. Monday to Friday, 7am start.

Your day-to-day duties will see you:

Operating various machinery including CNC Router, CNC Laser, CNC Plasma and CNC Break press. Quality assurance, troubleshooting, material handling and using measuring equipment.

### What you'll need to succeed

- Pervious experience working on different CNC machineries (Trade Qualified desirable)
- Proven experience quality assurance and troubleshooting
- Vast exposure material handling
- Looking for a potential perm opportunity
- Ability to work unsupervised
- ASAP start

### What you'll get in return
