Full job description

Your new company

Having experienced significant growth in recent years, this company has created a great reputation both from being a builder of choice and also an employer of choice. Having not lost their small team culture, this rare opportunity is sure to excite those looking to escape the big corporates!!

Your new role

Working in a production drafting capacity, the role will see the successful candidate responsible for all drafting functions from completing working / contract drawings, sitings, etc. In addition to these functions the size of the team will also see opportunities to get involved in display work and working on some medium density projects - a variety that is extremely hard to find!!

What you'll need to succeed

In order to succeed in this role you will have completed a Diploma of Building Design, ideally have a minimum of 2-3 years working experience in a residential building environment, be highly proficient in AutoCAD and have strong understandings of Rescode, BCA and town planning process.

What you'll get in return

For your efforts and expertise an exciting salary package is on offer commensurate with experience levels. An opportunity to work in a high performance yet highly personable environment is also on offer!

What you need to do now
